Introduction

Grievance Redressal Policy at ISBS drives the grievance redressal mechanism framed at ISBS. The policy aims at encouraging its employees and students to voice their complaints in a constructive way. It also encourages feedback and suggestions from staff and students as stakeholders so that a proactive approach helps in resolving hindrances in the operations on campus. ISBS employs a fair grievance procedure which helps to minimize and avoid conflicts by having constituted the Grievance Committee. Grievance Committee has been established for students and staff, to provide a formal channel of communication to voice concerns. It comprises of Director, who is the Ex-officio member, while Faculty in Charge and non-teaching staff members are nominated by the Director. Student's grievance committee comprises in addition to Director, Faculty in Charge and non-teaching staff members, the student's council members who represent the students in the committee meetings.

- Providing a communication channel to the staff members to express their grievances.
- Making channels of communication available for the Staff members such as Emails to be sent to secretary of committee and/or registering grievances in the register kept in the administration department.

International Business Exposure Program (IBEP) 2018

For Batch 2017-19 (Visit to UAE/Dubai)

The philosophy of ISBS behind providing International Business Exposure Program (IBEP) to the management students is to align students' business acumen with the global business environment. This unique Business Exposure Program to international destinations of business prominence such as Dubai (UAE) helps to immerse students in another culture. Aims and Objectives of this Programme is to broaden the student's horizon & global cultural awareness through interaction with the professional experts, and also to give students an opportunity to relate the classroom learning to the real world situation.
